PART V: Personal Reflection Questions

Please answer the following questions on separate paper and enclose them with your application. The answers to each question should be between one and two typewritten, double-spaced pages. Please take some time to reflect on *all parts of each question* before answering.

1. What are you looking for by joining the Cristo Rey NY High School Volunteer Program? What do you think you bring (both in terms of concrete abilities and intangible qualities) to the students and community of Cristo Rey NY?

2. What is your understanding of spirituality* and Cristo Rey NY's mission in education? How do you see yourself fitting into that mission as a volunteer? (If applicable, please include examples from your own background – schooling, activities, etc. – and how they have affected your development).

3. The volunteer program has a strong emphasis on communal living and spiritual* development. While we do not require participants to be of any specific faith, participants will be expected to live and function in a community where the majority of its members are

persons of faith. What are your hopes and expectations for living and working in a community such as this?

*Please note that the terms spiritual and spirituality refer to personal reflection and examination and they do not have a religious connotation.

4. How do you perceive serving as a volunteer as a path to greater opportunities?
